

ACT IN SPACE 2018

International Final Competitions in Toulouse (France)

Report

Date: June 26-27, 2018

Venue: Centre de Congrès Pierre Baudis, Toulouse

Three teams from Poland were delegated to participate in the International ActInSpace 2018 final competitions in Toulouse (France): two with the projects related to BSA **SpaceFolks** with the project **GoWild** and **OneOn** with the project **Vinum 4.0** and the winner of the national final in Warsaw – PAFA. PAFA presented their project at the competition booth, two BSA teams had the opportunity to present their projects and make contact directly with the business partners in individual booths.

The schedule of the event:

June 26, 2018 – official presentation of state-of-the-art. In th research and development of the space technologies and models

June 27, 2018 – International ActInSpace competitions. Gala dinner in Cite de l’Espace.

Mr Piotr Szuster from CUT BSA group was the evaluator of the presented projects.
